Dear Parents,

As the new school year begins, we are working to ensure the safety of every student in our school. We are organizing dismissal to make certain that every child is dismissed in a safe and timely manner. We understand that extenuating circumstances may occasionally alter this plan. Please complete the form below to inform us of the mode of transportation your child will be using at the end of the day.

Please return the form by the first day of school or as soon as possible. If you have any questions, please contact the school office.
