HOW DO I REGISTER MY CHILD FOR KINDERGARTEN

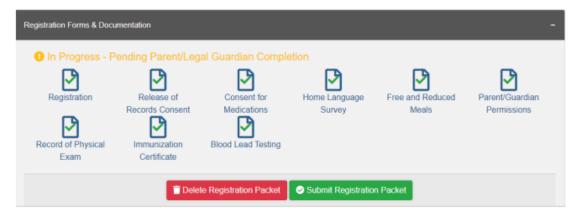

For your convenience, Harford County Public Schools has an Online Registration portal. You can access and set up your account here: https://registration.hcps.org/

You can also find a direct link on the FHES website: https://fhes.ss18.sharpschool.com

On the right-hand side there are green tabs - Online Registration is the first tab.

Please complete each section, saving as you go, and hit **SUBMIT**. It will not show as completed at our end if you do not **SUBMIT** on the last page. Once you have submitted your registration, you will receive a request for required documents to be uploaded and a link to schedule an in-person appointment. Please scan the documents and upload them to your registration portal. If you cannot access a scanner, you can upload a clear photo or bring the documents in when you come for your appointment.

Medical forms can be printed out and saved for your child's next physical with your pediatrician and dentist.

Once you have completed your registration, please set up an appointment to come in person to show the required original documents. You can set up an appointment using this link https://calendly.com/ybes/new-registrations

Original Documents to bring to in-person appointment

- 1. Your child's original birth certificate
- 2. Your driver's license
- 3. Proof of Residency- bring one of the following or refer to Procedures For Student Enrollment for additional information.
 - a. BGE bill within 30 days of registration (first 2 pages showing usage)
 - b. Cable Internet bill within 30 days of registration Fios, Xfinity, etc.
- 4. Medical forms if you have them completed; 3 page Physical form, Immunizations, Blood Lead testing form, and the ½ sheet Dental form. Please do not delay setting up a registration appointment waiting for medical forms (these can be turned in anytime throughout the summer).
